Honorable Joel T. Broyhill  
House of Representatives  
Washington 25, D. C.

Dear Mr. Broyhill:

STAT Thank you for your letter of 24 June concerning an inquiry you received from Mrs. [ ] about our action on her husband's application for re-employment with this Agency.

STAT Mrs. [ ] indicates that her husband talked to an Agency representative who advised him that there was an opening for him. We have investigated this statement but can find only one person who discussed employment with Mr. [ ] in advance of his formal application. Apparently there was a misunderstanding because this officer advised him that there were no vacancies for him. It was suggested to him that he explore the possibilities of obtaining a position which would make use of his recently acquired skill in computer operation--this would not be in that particular section, however.

STAT When Mr. [ ] did formally re-apply, we made a thorough review of possible openings. The results were reported in our letter of 20 June to you and to Mr. [ ]

STAT We regret very much that Mr. [ ] believed that there would be an opening for him and can understand the disappointment to him when it did not materialize. STAT

STAT Thank you for bringing Mrs. [ ] letter to our attention. We are returning it as you requested and hope that the information supplied above will be helpful to you. STAT

Honorable Henry M. Jackson  
United States Senate  
Washington 25, D. C.

Dear Senator Jackson:

Mr. Arthur L. Burt has referred to us your letter of 21 June 1963 concerning Mr. [ ] Mr. Burt, in addition to recruiting for State Department positions, has also interviewed applicants for positions in our [ ] and it was the latter for which Mr. [ ] was being considered.

At this stage, Mr. [ ] application is under active consideration. He has general qualifications of interest to us but we have not yet identified a specific vacancy which he might fill. When an opening is located for him, it will be necessary to conduct a thorough investigation of his background and qualifications to determine his suitability for appointment. This is a time-consuming process. We cannot predict accurately in an individual case how long it will take and believe that Mr. [ ] perhaps misconstrued an indication that it may take from three to five months. We would be glad to give special priority in Mr. [ ] case but we could not assure him of completion within the time he can remain available.

It seems unlikely that we would be able to take final action on Mr. [ ] application soon enough for him to finalize his personal plans. Consequently, we believe that he may wish to explore other employment possibilities which would afford more immediate opportunities. We have written to Mr. [ ] to advise him of this and are enclosing a copy of our letter to him for your information.

STAT

As you know, Mr. Burt has referred your application to us for consideration. As he mentioned to you, you have general qualifications of interest to us in connection with positions in our

25X

We have also just received from Mr. Burt letters from Senator Henry M. Jackson and Congressman Clarence Cannon regarding your application. Both referred to your need for a positive determination on your application at an early date. Your file is under review by responsible supervisory officials to determine whether there is an opening commensurate with your qualifications. Further processing of your application (background investigation and evaluation) will depend on the outcome of this review. This processing involves a substantial period of time. As we understand it, you must know by September or earlier whether you will be offered appointment here. It is most unlikely that this could be accomplished. You may, therefore, wish to investigate other employment opportunities rather than deferring until final action can be taken here.

We do not want to discourage an applicant who is interested in employment with us but it would appear that it might be impractical to continue with your application in light of the time factors involved. If you do wish to remain under consideration, we shall be glad to proceed but we will defer action until you have an opportunity to consider the time factors and the possibility of a negative outcome and advise us as to your desires.

Your interest in our service is appreciated and we look forward to hearing further from you.
